What has changed over the past few years?

- Feel there is a beacon of hope
- Still separate – churches and neighborhoods
- Radio Station and New Addition to Ministries
- Our community is built of several different neighborhoods
- Some people are getting to know others they have never met
- Still some segregation with uncomfortable silos
- Churches are connected in some ways
- Sisters CARE formed
- Mission started buy certainly not done
- New projects with the WG City – Park planning in North Webster as an example
- Introspection is acknowledged and supported
